ONLINE THEORY TRAINING

Horne, Stephane

Safety on the Move Theory Presentation - v2.0

03/28/2019

The completion of the Online Course does not provide you with any qualification, certification, accreditation, designation or authorization, will not qualify you to operate any equipment or provide any services, and will not make you competent to operate any equipment or provide any services. It is your responsibility to ensure you complete the two remaining requirements of material handling equipment certification to include hands on instructional services and practical evaluation for knowledge verification as outlined in CSA B335.
